To support our continued growth, we are looking for an energetic individual to serve as a CNC Machinist (Part Time) to provide programming, set-up, and operation for our CNC machining equipment.

RESPONSIBILITIES:

- Program custom fabricated parts from SolidWorks models and prints utilizing CAMWorks software on two different 3-axis milling centers.
- Interpret specifications, drawings, and 3D models in SolidWorks.
- Organize method and communicate realistic timelines.
- Verify conformance of manufactured parts to specifications using measurement tools.
- Document any changes during manufacture and communicate changes.
- Occasional operation of manual mill/lathe.
- Custom setup of fixturing and tooling per job.

EXPERIENCE:

- 5+ years of experience with programming and setup of 3-axis CNC milling machining centers.
- Shift flexibility.
- Mastery of high speed machining and tool path optimization.
- Ability to machine complex and high tolerance components.
- Materials: aluminum, stainless steel, steel, plastics, other.
- Passionate about machining.
- Strong work ethic and highly motivated.
- Meticulous attention to detail.
- Well organized, strong written & verbal communication skills.
- Flexible, ability to work in a fast paced, constantly changing environment.
- Ability to work independently.
- Microsoft Outlook, Word, and Excel.
- Experience with CAM software a must (CAMWorks preferred).

EDUCATION:

- A.S. Degree in Mechanical, Industrial, or Manufacturing Engineering Preferred.
- Machine Tool Certificate preferred.
- Equivalent experience.

PHYSICAL DEMANDS:

- Stand, walk, push, pull, reach overhead, bend to floor, kneel.
- May occasionally need to lift over 50 Lbs.
- Normal visual requirements.
- Normal hearing requirements.
- Normal manufacturing environment with occasional Exposure to loud noise.

ABOUT INTEC

Intec Automation specializes in clean-sheet design and build of custom automation equipment for a variety of industries. We are a growing, fast-paced company, with 20+ years of success. If you feel that you are a good candidate for this position, please email Kate Crossan kate@intecautomation.com or Dane Mooers dane.m@intecautomation.com with a copy of your resume and a brief description of why you think you would be a good fit. Examples of relevant course work or relative experience would also be helpful to evaluate your qualifications for this position.
