

ELECTRO-MECHANICAL TECHNICIAN **(AUTOMATION)**

An automation company specializing in clean-sheet design and build of custom automation machinery is looking for an Electro-Mechanical Technician. Full-time with benefits.

The individual we are seeking must enjoy handling multiple projects, in different phases, at the same time. The company needs a hands-on, detailed individual that is self-motivated. They will experience a multitude of different industries. At Intec, we pride ourselves on being an innovative automation company that cultivates an environment of collaboration and inclusion. We need and seek out people who are dedicated and driven to create the future. People with passion and commitment to get it right and with a never-ending desire to innovate, learn, improve and contribute.

Duties and Responsibilities:

- Support Operations
- Lean Manufacturing (5S)
- Build, Assemble, and Troubleshoot Mechanical and Electrical equipment
- Shop Organization and Housekeeping
- Shop Safety

Job Knowledge, Skills and Abilities (Required):

- Must be open minded, energetic and able to work under pressure
- Must be able to learn quickly and retain information
- Must be able to work well individually as well as in a team
- Must have excellent oral and written communication skills.
- Must be proficient in Microsoft Suite (Word, PP, Excel, etc...)
- Must be able to manage multiple tasks and priorities and easily adapt to changing situations

Physical Requirements:

- Ability to sit/stand for long periods of time
- Ability to lift 20 lbs
- Ability to move around office building and upstairs
- Ability to effectively communicate with co-workers

Job Knowledge, Skills and Abilities (Desired, But not Required):

- Overall shop experience
- Electro-mechanical experience and knowledge of manufacturing methods and assembly techniques
- Experience with set-up, troubleshooting, testing and debugging of different types of machinery
- Knowledge of electrical systems
- Ability to read and interpret drawings and specifications (Electrical and Mechanical)
- SolidWorks and AutoCAD exposure
- Milling, and Lathe experience a plus
- PLC experience a plus

Education:

- Tech School Degree or other related education a plus, but not required

About Intec:

Intec is a small fast-paced company with 20+ years of success. If you feel that you are a good candidate for this job, please email Corey Marcotte (corey@intecautomation.com) or Kate Crossan (kate@intecautomation.com) with a copy of your resume and a brief description on why you think you would be a good candidate for the position.
